

## Getting Here

### From Bristol City or Bristol Airport

The A4 from Bristol and the A39 both lead to “The Globe” roundabout, approximately three miles from the hotel, which is where these directions start.

From the roundabout, take the exit signposted A4 Bath onto the Bristol Road. Continue on the dual carriageway, following signs to Bath A4 and Newbridge Park and Ride; take the left exit from the dual carriage way joining the A4.

The road crosses a bridge and passes The Boat House restaurant and the Park and Ride on your left, then becomes Newbridge Road. Continue for approximately one and a half miles, going straight across all traffic lights. You’ll pass The Weston pub on your right and Royal Victoria Park on your left.

This road becomes Charlotte Street, where you’ll reach a give-way junction joining Queen Square. Continue straight on to the traffic lights, keeping in the left hand lane. At this point you’ll see the park area in the centre of Queen Square on your right.

At the lights turn left into Gay Street, continue up the street heading for the trees at the top of the road. As the road bares around to the right you will need to signal left to carry straight on up the hill.

At the top of Gay Street is The Circus, a roundabout with trees in the centre. Take the second turning off the roundabout in to Bennett Street, then the second left in to Russel Street, the hotel is near the top on the left hand side.

### From the A36

From A36 entering Bath, keep right onto Beckford Road signposted All Routes. Sydney Gardens will be on your left, and you’ll be approaching a pub called The Crown.

Keep in the right hand lane, then right at the traffic lights on to Bathwick Street, signposted Chippenham, Stroud, M4.

Continue to Cleveland Place West, (this might be very busy at peak times). Keep going, past the fire and ambulance stations on the right.

As you cross the bridge and approach the traffic lights, keep left: the road forks to the left, signposted A4 city centre, take this turn and join London Road.

Go straight on at the mini roundabout into The Parragon, a residential street with high pavements to the right of you. As you approach the traffic lights, join the right hand lane of traffic signposted Lansdown Race Course. Turn sharp right uphill onto Lansdown Road.

Take the second turning on the left on to Bennett Street, approximately 100 yards up the hill. Take the first turning on the right on to Russel Street, the hotel’s near the top of the street on the left hand side.

## Getting Here

### From Junction 18 of the M4

From Junction 18, follow the A46 towards Bath for about two and a half miles, passing The Crown Inn on your left and then Dyrham Park and the Tollgate Teashop on the right.

Immediately after the teashop, take a right turn (there are no directional signs). Continue along this twisting road for roughly a mile and a half until you arrive at the T-junction.

At the junction turn right (signposted Bristol A420), then immediately left to HAMSWELL. Follow this twisting road past Toghill Farm on your right, down the hill and up another hill to a T-junction. After approximately 1.5 miles turn left.

Keep going, past Lansdown Golf Club and Bath Racecourse on the right. Continue to the city outskirts. As you enter Bath you'll see the Hare and Hounds pub on the left.

You'll then be driving downhill until you reach another T-junction with a church to your left. Turn right here, you'll pass The Farmhouse Inn on the left, The Belvedere on the corner of Morford Street, and Grappa Bar near the corner of Julian Road.

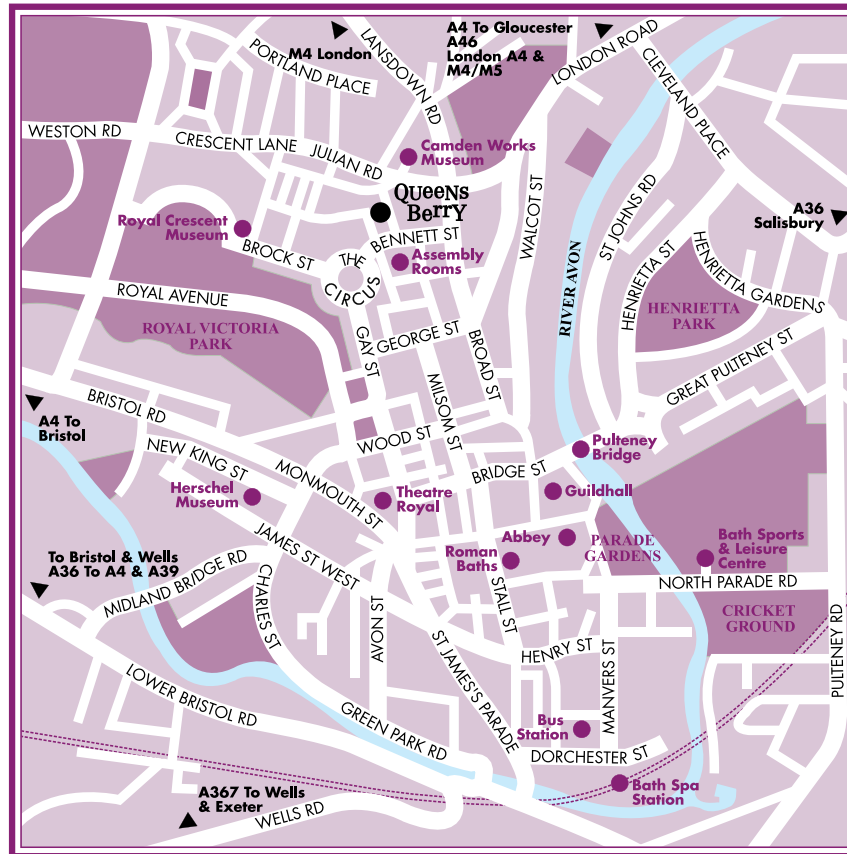

Continue past Julian Road on your right and take the next right into Bennett Street. Turn into Russel Street and the Queensberry Hotel is 50 yards up on the left-hand side.

We do discourage flying carpets. Afternoon congestion can be bad enough to darken the whole sky and, with the wind-farms around Bath now, well, you don't want us to paint you a picture, do you?
